Council considered a proposal from Cllr. Wil Edwards (seconded by Cllr. Dafydd Gwyndaf) to increase the frequency of Council meetings from once every two months to monthly.

- A detailed discussion took place regarding the substantial administrative impact on the Clerk, noting that preparing additional statutory summonses, agendas, website updates, and minutes would divert significant time away from delivering practical community projects and resolving local issues.
- It was noted that if urgent decisions are required between scheduled meetings, the Chair retains the statutory power to convene an Extraordinary Meeting at any time with the required three clear days' notice, with options to meet virtually if necessary.
